

REMARKS

Applicant has reviewed the Office Action dated 3/10/2009, which includes a Section 112 objection together with a Section 101 double-patenting rejection. Applicant has canceled without prejudice originally presented claims 1-15, and herewith presents new claims 16-23. The new claims are not believed to be subject to a double-patenting rejection; likewise, the Section 112 objection has also been obviated.

It is believed that the present claims are in condition for allowance, and early notification to that effect is earnestly solicited. In the event that any issue remains, the Examiner is invited to telephone the undersigned at 650-269-5025.

Respectfully submitted,
